CITY WILL OBSERVE DEFENSE DAY

ARREST SEVEN LIQUOR LAW VIOLATORS

Officers Southam and Walton had a busy night of it last night and arrested five men on charges of liquor violations.

While on Western Heights they observed a truck drive onto Woodford avenue, and following it they searched it and found five five-gallon cans full of raisin jack, and fourteen boxes of California grapes for making wine. They confiscated the truck and arrested Mike Farah, of Cleveland, and George Elias, of Barberton who were in charge of the shipment.

This morning they were arraigned in police court and Farah pleaded guilty to transporting liquor and was fined \$500 and costs. Justice George found Elias guilty and also fined him \$500 and costs. Both were locked up.

Walter Mason was caught on Western Heights with a bottle of liquor on his person. He was fined \$100 and costs.

Earlier in the evening Walton and Southam saw an auto standing in front of a house near the corner of 13th street and West avenue that was under suspicion. They waited and soon after two men came out and got in the machine. The officers approached, and alleged that Ross Grable dropped a bottle of liquor on the pavement and broke it. Southam ran to the porch of a house near by, grabbed an empty milk bottle and sopped up the liquid on the pavement to be used as evidence. They arrested Grable and his companion W. R. Orr and took them to police station. Later they were released under \$500 bond each, and will be tried tomorrow.

Sheriff Underhill also got busy. He visited a farm house with a posse, two miles southwest of Oberlin, and made a very good haul. He found a fifty gallon still, 300 gallons of fig mash, and five gallons of liquor. He arrested Frank Drobner, of Oberlin, and took him to police station. Drobner pleaded not guilty, and will be tried next Wednesday.

SHOOTING LAWYER FOR ALLEGED INSULT

DALLAS, Texas, Sept. 11.—Paul M. O'Day, prominent Dallas attorney, was shot and killed in a downtown bank today.

William L. Crawford, another attorney, was arrested in connection with the crime. He declared he shot "to avenge an insult to my mother," according to police.

O'Day's body was riddled with charges from a shot gun.

The slaying, police say, was an outgrowth of a three year old lawsuit brought by O'Day to break the will of the late Colonel Crawford, father of the attorney held in today's killing.

The dead attorney had represented three children of Colonel Crawford's first wife in an attempt to receive a share of the veteran lawyer's \$250,000 estate.

Two police officials who witnessed the shooting declared young Crawford waited in his automobile outside the bank for nearly an hour until O'Day appeared.

Crawford had an automatic shot gun concealed in the machine. When O'Day finally appeared and walked into the bank Crawford followed, shouting, according to police, "O'Day, you have ruined my mother." He then fired four times in rapid succession.

Crawford had reference to allegations set forth in O'Day's suit naming the widow of Crawford in several places.

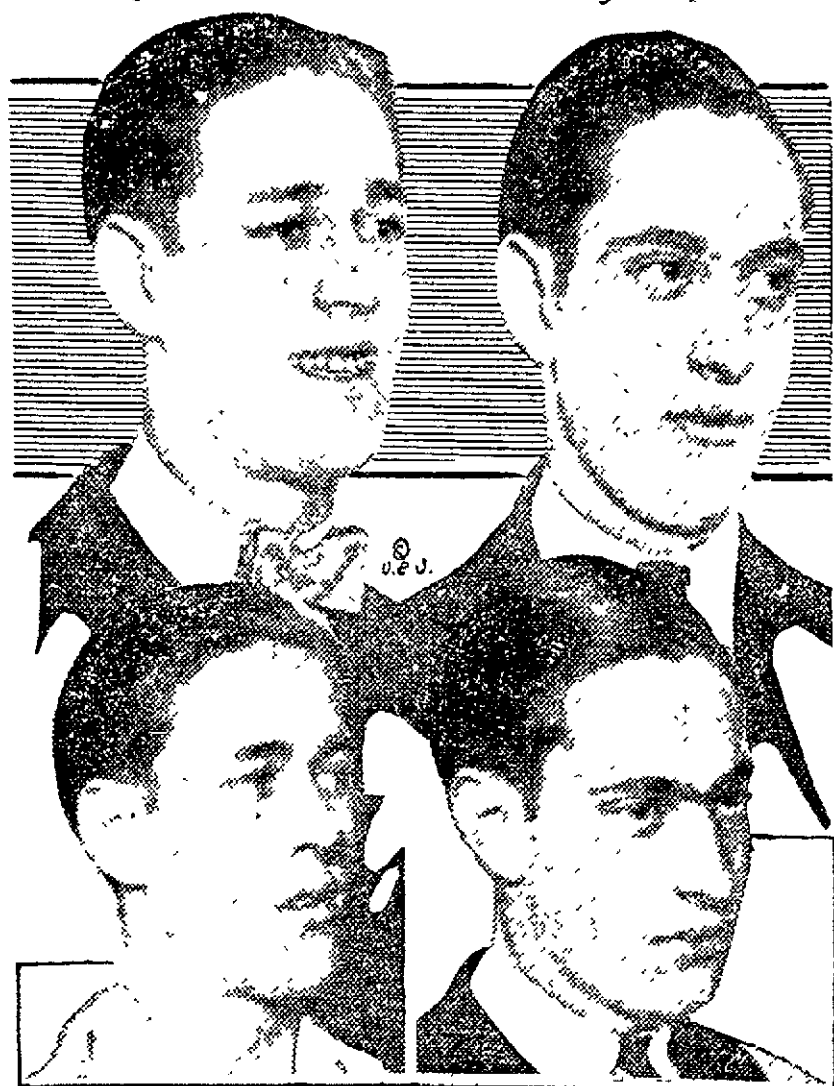

ZEPPELIN OFF ON TRIAL TRIP

FRIDERICHSBACH, Germany, Sept. 11.—The world's greatest airship, the Zeppelin LZ-3 built for the United States navy, set out today for her third and most severe trial flight.

The route lay over the Alps to Zurich and other Swiss towns. These communities had made urgent request to the American and German authorities that the ship visit them so that the people could get a glimpse of the mighty craft.

The LZ-3 probably will have another trial flight with passengers before she sets off on her trans-Atlantic flight to Lakehurst, N. J., about September 23.

Strain of Waiting to Learn Fate Wipes Bravado From Slayers' Faces

The latest photo of the Frank's slayers, Richard Loeb (left) and Nathan Leopold, Jr., upper portraits, compared with those (below) taken sometime before their trial, tells the effect of the strain of waiting to hear their fate. They smile, but the old bravado is missing. The change in Loeb, author of the crime, is more marked than that of Leopold, the tool.

PENITENTIARY IS READY TO RECEIVE CHICAGO SLAYERS

JOLIET, Ill., Sept. 11.—Cold stone walls, strong steel bars, deadly dull routine, two numbers and oblivion are awaiting today for Nathan F. Leopold Jr. and Richard Loeb. Waiting too, is a kindly man who will strive with firm hands to bring to the pair some realization of the relation they bear to society and what future there remains to them.

"These things are sad, but they seem to be necessary," says John L. Whitman, warden of the penitentiary, who usually sighs as he discusses the frailties of humans. "I have followed this case carefully as it developed, and it seems to be that these boys will require some little time to adjust themselves. I believe that the quiet and seclusion of the prison will bring them to the point where they will want to talk the thing over. When that time comes, someone will be there to talk to them—someone who will know all most as much about them as they know about themselves. They may not believe it now, but it is true nevertheless."

"It is far better for the sake of the boys themselves that they are coming here at once, than for them to have remained in the Cook county jail for a long period. The fact that they were the center of public attraction was a bad thing for them. It is possible that their own ideas of themselves developed over a long period of time under such circumstances would have prevented their ever understanding the situation as it exists."

Warden Whitman had his own idea of reformation. He has demonstrated in the last few years that brutality and constant repression have no place in corrective institutions no matter what the enormity of the crime may be. That does not mean that discipline is abolished. It means that discipline is the firmer because it is founded on principles of justice tempered with mercy. Work spelled in capitals is the first step, according to the Warden. Idleness and laziness are the two chief aids of crime, he says. One of his favorite mottoes is:

"The idle brain is the devil's workshop."

For that reason Babe and Dicky will make their bow to steady labor within a few hours after they pass the steel gates that will clang with the finality of death behind them. Work with hand and brain, with an effort on the part of warden Whitman to make them put their hearts into the effort also, will be the program.

The length of time the boys are compelled to remain in the prison chair shop is strictly up to them. By hard work and attention to orders, they can be transferred to the new prison at the end of nine months. There they can be put on constructive work, which has the most desirable feature of prison life—an opportunity for fresh air and sunshine.

As for recreation, there will be a limited amount. Saturdays there is a motion picture show

FEDERAL JUDGE RULES AGAINST FIRPO WARRANT

NEWARK, N. J., Sept. 11.—Federal Judge Wm. N. Runyon today denied an application for a warrant for the arrest of Luis Firpo, Argentine pugilist, on the charge of violating the Mann white slave act.

The organization which Gilson represented had accused Firpo of bringing Blanca Lourdes Picart, Cuban manicurist, from Atlantic City to New York, last year.

Judge Runyon, in making his decision said: "Prima facie case has not been presented. Granting even that a perfectly valid prima facie case had been made I should have hesitated to lend the power and dignity of this court to a proceeding which, although doubtless conceived in entire sincerity of purpose, has for its object the use of the processes of this court as a means of accomplishing interference with the lawful functions of the state of New Jersey as expressed in, and allowed by, its statutes."

"The affidavits fail to show that combination of acts on the part of Firpo which would constitute him an offender against the provisions of the White slave traffic act."

"There is no showing of any fact other than that the woman apparently on her own accord, after Firpo had come to New Jersey, followed him here and took up her abode in Atlantic City while he remained in his training quarters."

"The real object of this proceeding it appears to the court is not that which appears on the face of the moving papers, the punishment of an individual for alleged violation of the laws of the United States, but in reality it is an attempt to gain possession of the person for a sufficient time to prevent his participation in a contest which the laws of the state of New Jersey declared to be entirely legal."

Judge Runyon reviewed previous court proceedings against Firpo, discussed evidence in each briefly, took up the charges that he had violated the immigration laws, and then declared that only the affidavit of "one Guillermo Widmer, who describes himself as former secretary of Firpo" was at all relevant and material.

This affidavit, Judge Runyon said he had earned, contained facts which constituted the real foundation for the appeal for a bench warrant against Firpo, his alleged relations with the Picart woman.

The statement of three complaining clergymen, Runyon said, though much more voluminous contained less detail than the affidavit of Widmer and Gould, so far as the court was concerned, be judicially disregarded.

The New Jersey ministers, James Tarker, Frank S. Ritter and Harvey L. Wyatt, conferred with their attorney, Gilson, as soon as the decision had been made, and then telephoned to Canon Chase of Brooklyn, who has led the fight against Firpo. They explained that they expected him to come there in a short time to see what other last minute moves they could make in an attempt to stop the fight.

CHINESE WAR ON INCREASE, RAIN HAMPERERS

SHANGHAI, Sept. 11.—Sun Chuan Fang-Fang, military head of the Province of Fukien today declared war on Chekiang and is expected to attempt an invasion from the south.

The Chekiang communique this afternoon said fighting had been lighter on the Ruangtu-Liuhou line, but claimed an advance for General Lu's forces on the border of Taihu-Lake, the capture of two towns and the forcing of the transfer of Kiangsu reinforcements from Quinsan.

PEKING, Sept. 11.—According to reports received by the military attaché of the United States Embassy, Marshall Chang Tso-Lin, Manchurian war lord, began the movement of his advance guard outward today toward the Manchurian border for an invasion of Chihui and the ultimate capture of Peking. The report said the main body of troops would follow tomorrow.

The Peking government issued a formal statement declaring none of its troops were concentrated along the Manchurian border.

Heavy rains were hampering the warfare between Chekiang and Kiangsu provinces, in the Shanghai district, according to reports received here.

General Lu Hung Hsin, governor of Chekiang, today visited his front line at Liuhou, according to advices from the battlefield.

Champion Suitor Wins Leap Year Bride After Only 260 Proposals

William Richter of Chicago has finally dragged a "yes" from the lips of Dorothy Herringshaw after proposing to her at least 260 times (her count). He bought a license in July, 1919, and asked her to marry him one or more times a week until she consented, recently.

NEW YORK MAN HEADS SPANISH WAR VETERANS

MICHIGAN CITY, Ind., Sept. 11.—Chauncey Herrick, New York City, was elected commander in chief of the United Spanish War Veterans at the closing session of their annual encampment here today. His election came on the twelfth ballot after an all night session. St. Petersburg, Florida, was chosen as the place for the 1925 encampment.

"BABY BOMBER" TO TAKE PART IN AIR RACES

DAYTON, O., Sept. 11.—Lieut. John A. MacReady, crack flyer in the United States air service today formally entered the international air races.

The entry blank was filed this morning when race headquarters opened. It is the first time that MacReady has entered a contest of this kind and it is the first time that he has ever entered a competitive test as competitor.

MacReady has made some wonderful records in his time, and now he proposes to drive a MacReady field product in the light airplane race.

He will pilot the "Baby Bomber," built by Bud Snyder. It is the first small airplane ever built equipped with a motorcycle engine of about 15 horsepower.

It is called the "Baby Bomber" because at the time it was built a Martin bomber was about the biggest thing at the field. Although diminutive in size it is built for speed and the chances are that MacReady will "go some" when the starting bomb is set off for this event. Although built at McCook field it is a private airplane but possesses many possibilities.

In addition to flying the little plane, MacReady will give an exhibition by flying one of the original Wright planes of the vintage of long ago, just to show the folks what the original airplane looked like. This machine is being reconditioned for the flight, although it has not been in the air for many years.

TWO MORE DEAD IN AUTO CRASH

NEWARK, O., Sept. 11.—While en route in an automobile from Somerset to their home in Thompson, 12 miles southwest of here, this morning, Mrs. Elsie Clark was killed and Henry Klinger was seriously injured. Klinger, driving the machine failed to notice a curve in the road and the machine toppled over into the ditch. Mrs. Clark was pinned beneath the machine and drowned. She leaves a daughter.

SANDUSKY, O., Sept. 11.—Conrad Reissing, 40, laborer, was in a critical condition at a Sandusky hospital today, and William Luburger, 40, marine engine oiler, was dead, the result of being run down by an auto while walking on the Venice road last night. The car was driven by Earl Mowery, of Prout's Station, who was exonerated from blame by Dr. Henry B. Frederick, of Sandusky, who witnessed the accident.

OHIO FEDERATION OF LABOR MAY ENDORSE LA FOLLETTE

SPRINGFIELD, O., Sept. 11.—Action upon the proposal that the Ohio Federation of Labor endorse the independent campaign of United States Senators La Follette and Wheeler for the presidency and vice presidency of the United States may mark today's session of the federation annual convention here.

A number of important resolutions, including the La Follette-Wheeler endorsement proposal, are scheduled to be acted upon.

Resolutions adopted last Wednesday include. Opposition to physical examination of workers by employers; instructing the federation's secretary to prosecute all merchants, jobbers and others, found selling poison made goods illegally in Ohio; advocating enforcement by the state legislature of an amendment to the workmen's compensation act providing compensation for workers compelled to lose time because of occupational diseases; urging passage of a state law decreeing that all prison made goods distributed in the open market shall be labelled "prison made"; requesting that musicians coming into the United States for "concertizing purposes" shall be considered as undesirable aliens "and treated as such," favoring re-passage by congress of the bill, vetoed by President Coolidge, which provides for increased pay for postal employees.

Addressing a mass meeting last night, John P. Frey, Cincinnati asserted that equity courts were "monstrous, unjust and un-American." In many instances, he said, these courts were unjust to employees and partial to employers. Unionized labor contributed materially to repulsion of child labor in this country, said James Wilson, vice president of the American Federation of Labor.

SIX YEAR OLD KILLS BROTHER

TOLEDO, O., Sept. 11.—Warren Elkins, son of a wealthy Bohemian, O. farmer, died today, the result of gunshot wounds accidentally inflicted by his six year old brother, last night, who pressed up their father's gun and pulled the trigger.

The father had been cleaning the gun, getting ready for the hunting season. When he left the room the 10 year old Elkins, aimed at his brother's face, and pulled the trigger. Warren was mortally wounded.

The second days session of the conference moved off at 8:30 this morning with plenty of unfinished business to be considered.

PARADE FOLLOWED BY EXERCISES TO FEATURE THE DAY

FOX ESCAPES WALES AND PURSUERS

SYOSSET, N. Y., Sept. 11.—H. R. H. went on his first fox hunt today but failed to get his fox.

Last night he danced, as usual, at the home of Mrs. W. K. Vanderbilt III, leaving the party shortly after two o'clock, presumably to get to bed early for today's hunt. More than fifty members of Long Island's hunting set gathered for the hunt after 5:30 o'clock this morning and after waiting a few minutes with hounds straining at the leash, finally rode off from the estate of Robert E. Tod without the Prince.

About a mile down the roadway however, the Prince riding "Goat," joined the merry party and led off by taking the first jump. Just where he went after leaving the Vanderbilts is not known but it is said he rode in the hunt without either sleep or breakfast.

After an hour's riding, during which all the hunters, young Wales, took several high and nasty jumps, a fox was chased out of the brush and the hunt was on. The Prince well in the lead was in the thick of the fray.

The American fox, disdainful of the honor of having the heir of the British throne on his trail, made a beautiful run and after three hours of twisting and turning and jumping over fences and through the brush the fox hunters gave up the chase, leaving the panting fox still alive "somewhere on Long Island."

The Prince's hunting togs followed a brown color scheme and consisted of yellow doekins breeches, brown boots, brown checked coat, brown hat, and brown tie, a somewhat drab contrast to the bright red coats of the other hunters.

During the hunt, Mrs. Hall, a sister of Mrs. Lester Reed, wife of British army colonel, fell at one of the jumps and was stunned. Another huntress received a sprained ankle from a fall.

In the hunt the Prince showed once more that he in reality is an excellent rider and not the "rocking chair horseman" the cartoonists and columnists have pictured. Riding fast, the hunt, at one time, came to a 3-rail jump which several riders rode around. Wales, however, went at it full speed and over in a beautiful jump.

This afternoon the Prince was to take part in a polo game. A member of his staff announced today that, despite announcements to the contrary the Prince, under no circumstances, would attend the Willis-Firpo fight tonight.

PROHIBITION GAINS MINISTERS ARE TOLD

IRONTON, O., Sept. 11.—Declaring that prohibition had already proved a success, despite the many disadvantages under which honest and seriously minded enforcement officials were forced to labor, Rev. T. M. Hare, state superintendent of the Ohio anti-saloon league in an address to the Ohio Conference in session in this city urged the more than three hundred Methodist ministers and an equal number of laymen, to rally to the support of the officials to make enforcement 100 per cent. effective. Mr. Hare took occasion to denounce both the democrats and republicans for laxity in enforcement and declared that the time was not far off when the violator of the booze laws would be regarded as much a menace to society as any other law violator.

The second days session of the conference moved off at 8:30 this morning with plenty of unfinished business to be considered.

This city will observe "Defense Day" in a fitting manner tomorrow and a good program has been prepared for the evening. Mayor Hinkson has called on the public to make a display of the National colors, and there will be a parade, music and a speech in the evening.

The parade at 7 o'clock will be in charge of Major J. F. Murbach, commander of the Veterans of Foreign Wars. It will be composed of members of the American Legion, Veterans of Foreign Wars and Spanish War Veterans. No arms are to be carried. The Boys' band will head the parade which will form on West avenue and Second street, and the line of march will be thru the downtown district. The parade will end in front of the court house where there will be community singing in charge of Frederick L. Brown. An address will then be given by Col. E. J. Turney, of Cleveland, at eight o'clock.

The public in general is invited to turn out, see the parade and then listen to the address by Col. Turney. Defense Day will be observed all over the United States, and special programs and celebrations will be held. Oberlin, Lorain and Wellington have arranged good programs, and expect to feature the day.

Major Murbach stated this afternoon that an invitation was extended to all patriotic bodies to take part in the parade in the evening.

Mayor Hinkson's proclamation is as follows:

PROCLAMATION
The President of the United States of America having designated, Friday, September 12th, as National Defense Day, I, Harry Hinkson, Mayor of Elyria, Ohio, hereby by request that all patriotic citizens observe that day by offering prayers for the peace of the Nation and the world, that they display The Flag at their homes and places of business; and, further, that they take part in the exercises for the day as outlined by the Defense Committee, in so far as their duties permit.

(Signed)
HARRY HINKSON,
Mayor of Elyria.

WASHINGTON, Sept. 11.—What war department officials are convinced will be the greatest peace time demonstration of the military resources and strength of the United States—Defense Test Day—will be staged tomorrow and reports received by the department today indicate that the nation is ready for the test.

It was emphasized that the test is one of personnel, not of material. It is designated to put the man power of the nation on parade. For this reason the success of Defense Day will be guarded by the number of people that participate.

Although no estimate of those who will participate can be accurate until the ceremonies of the day are over, war department officials expressed the belief today that at least half of the people of the United States tomorrow will engage directly in some phase of Defense Day activities. No other event of a similar nature, it is believed, has ever drawn so large a number of people to its support.

As an example of the extent to which the observation of Defense Day will permeate to every section of the country, officials of the department pointed out that in New York State 425 cities and towns will have special programs tomorrow. In New Jersey 50 demonstrations will be staged and reports from middle western and western states indicate that nearly every community will observe the day with special ceremonies. Secretary of War Weeks, in a statement issued today, characterized Defense Day, and the national defense act under which it has been organized as "typically American." He pointed out that the "precedent for the defense test can be found in our colonial history on a day set aside for the purpose reported with their rifles to the nearest village and drilled on its commons."

"The Militia Act of 1792," Secretary Weeks continued, "laid down the truly democratic doctrine that every able-bodied male citizen owes military service to his country and likewise provided for a system of enrollment and territorial recruiting. The defense test is an effort to apply that doctrine under present conditions."

Observation of Defense Day will follow no fixed nation wide program. The manner of observing the occasion is left largely to the separate communities, but the co-operation of the military authorities is essential. (Number 1; continued on Pg. 2)

You Help Make Earnings Possible

Why Not Share in These Earnings?

When Cousin Bill Came to Town

COUSIN BILL wondered why Cousin Tom was taking him such a roundabout way from the station to his home. He knew Tom lived north of the station but they were walking west.

Presently Tom stopped in front of a large building with surroundings indicative of a public service establishment. "See that?" said Tom with a wave of his hand.

"What is it?" asked Cousin Bill.

"Our electric light plant. Supplies 34,450,000 kilowatt hours every month to 56,000 customers. The Company has 6 big generating plants on the system."

"Yes?"

"Yeah, the Company serves a population of 250,000 people in the fastest growing section of the state."

Tom went on, giving specific facts and figures in an animated way that made Cousin Bill wonder what it was all about.

"I gave them some suggestions last week about local service," said Tom modestly, "and they are working them out now."

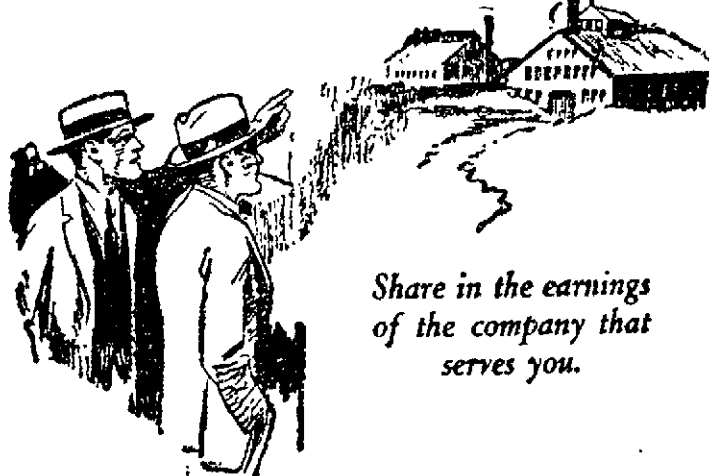

"What's the big idea?" asked Bill, "why all this interest in an electric light plant? There's lots of things here in this town more interesting. Why not enthuse about your parks, your library or something like that?"

Tom threw out his chest and looked at Cousin Bill fixedly.

"I OWN part of that electric light plant—that's why. Got five shares of preferred stock in it. Get a dividend every month. I guess you'd be interested too, in your own business. A lot of other people around here own shares too."

"That's different," said Bill and he looked at the property with new interest.

Customer ownership of public utilities has come to stay. It benefits both customers and the Company. Customer ownership is the aim of The Ohio Public Service Company in offering its 7% Preferred Stock to all its customers.

Share in the earnings
of the company that
serves you.

IF you are a customer of The Ohio Public Service Company you will on Friday receive a letter which will contain a partnership offer. Please read this letter carefully.

"Why are you offering Ohio Public Service 7% Preferred Stock to your customers?"—you may well ask.

Our answer to this question is in two parts:

"First we want to broaden Customer Ownership, which, we believe, benefits both our customers and the Company."

What Customer Owner- ship Means

When a company is owned by the people it serves—when those who pay bills for service, receive dividend checks monthly—that company is on a solid rock foundation that can endure and the business flourish year after year.

Each customer who owns shares (or even one share) is an added unit of strength. He contributes—consciously or unconsciously—the influence of his friendship and good will, and reaps benefits for himself thereby.

Not that The Ohio Public Service Company needs strengthening; it is one of the strongest companies of its kind in the country. It has ample resources and physical property worth over \$33,000,000.00.

But the Company wants to make this strength continuous—to insure

safety and steady earnings to stockholders. This can best be done by placing a growing share of the ownership, not in the hands of large Eastern investors who have no personal interest in this community or the Company, but in the hands of the people it serves right here at home.

How it Benefits You— the Customer

Customer Ownership benefits the customer in five ways.

1. You own a SAFE investment—because the products the Company supplies are necessities of modern life.
2. You get dividends monthly.
3. The property you own is located here at home where you can watch its steady growth.
4. The men who manage and operate the business live in your section of the country—are perhaps your neighbors and friends. They know about the Ohio Public Service Company and most of them are stockholders.
5. A securities department is maintained for the accommodation of customers who wish to buy or sell.

How it Benefits the Company

Any honest business transaction should benefit both the buyer and the seller. The Ohio Public Service

Company benefits from Customer Ownership as follows:

1. The Company secures the interest and co-operation of the very people whose friendship is most desirable—its customers.
2. You and its other partners, as shareholders, become interested in its welfare, its efficient operation and growth. You can make valuable suggestions and constructive criticisms. You can help us to give better service. These things promote success.

The second part of our answer as to why this security is being sold is:

"The Ohio Public Service Company can never stand still, because of the increasing demands for its service."

Customers of The Ohio Public Service Company are offered a splendid opportunity for thrift and safe investment. When you put your money into a thriving business which supplies essentials of daily life—a business which has more than two dollars worth of property behind every preferred shareholder's dollar—a business that earns its dividends six times over—the money thus invested is SAFE and works overtime for you.

Safety of principal, high yield—7%—ready marketability and monthly dividends offer an attractive investment. We feel sure that every one of our customers will be interested in the partnership offer which will be made in the letter to be delivered to you on Friday.

SECOND CITY CLASSIC SUNDAY

RECORD CROWD TO SEE SECOND GAME, PITCHERS BATTLE

Local interest is centered on the baseball game next Sunday at Riverview park between the Wilders Cigars and the Richwines when they again hook up under a winner take-all agreement that will result in every man on both teams putting up a strong bid to win.

Those who saw the two teams in action at their previous meeting when the Wilders won 2 to 1 will surely be on hand to see them meet again Sunday, and the largest crowd of the year is predicted if the weather will permit.

Manager Richwine will pitch Bill Rose with Burton on the receiving end. He will use his regular line up and the players expected to take part in the game will be McMahon, Wraga, Smith, Cook, Buckley, Forbes, Roth, Richwine, Shrimp and Stokes.

Just who the umpires will be in the game has not been announced but a neutral arbiter will be used.

Warmer weather is predicted for Sunday.

Dragnet will twirl for the Wilders Cigars with Wraga or Deutsch receiving. G. Turk or Reynolds will play in right field and Clark or Hastings in left field.

Both teams are putting in an intensive week on batting and signals.

Tagging The Bases

The Giants practically ruined the Braves by burying them under scores of 22 to 1 and 8 to 0, increasing their slender lead over Brooklyn by half a game. The Giant batters swatted everything but the umpire, plugging up thirty five hits.

Wheat's homer with one on enabled the Dodgers to beat the Phils, 5 to 1, and stay in the race. Rube Ehrhardt, Brooklyn's banished Florida twirler, held the slowtown lads to 5 hits.

Father Time chuckled as the veteran Babe Adams stepped from the morgue and held the Cardinals to five bingles. Score: Pittsburgh 3, St. Louis 1.

The Athletics clung to sixth place by nosing out Washington 2 to 1, but the Senators won the night cap, 6 to 5, and maintained their lead of a game and a half over the Yankees.

Hollis Thurston snapped Detroit, winning streak as four Tiger pitchers paraded to the Showers. Score White Sox 12, Detroit 8.

The Reds booted the Cubs again, 6 to 3, in their farewell appearance at Chicago.

The Amalgamated Association of Iron, Steel and Tin Workers of North America will observe its semi-centennial next year.

PENFIELD

By Mrs. Myrtle Gregg

PENFIELD, Sept. 11.—A box social will be given under the auspices of the E. L. M. society of the Congregational church, Friday evening, Sept. 12th.

Mr. and Mrs. John Cumrine, Jr. and Mrs. Martin Loomis and son, of Sullivan, were Sunday afternoon callers of Mr. and Mrs. W. Krebs.

Mrs. Reed and daughter, of West Salem, while driving in a quick sedan, were hit at the back corner at the center of Penfield by a party who was a traveling salesman for a railroad company, coming from Akron and driving west in a coupe. Mrs. Reed received a severe cut on the forehead and was rendered unconscious. She was carried into the E. E. Kleinhan's residence where first aid was given. Dr. Gregg was called and later in the day Mrs. Reed was taken home. The daughter also received bruises. Both machines were badly damaged.

Mr. and Mrs. Guy Smith, Miss Doris and Robert Smith and W. J. Krebs attended the Krebs reunion held in Spencer, Saturday.

There will be no services at the M. E. church next Sunday, Sept. 14th, as it is conference Sunday.

Mr. and Mrs. Fred Folk and daughter, Maryann, of Ashabula, called on their cousin, Mrs. Walter Gregg and family, Saturday.

Miss Maryann will attend Oberlin college the coming year.

The E. L. M. society of the Congregational church were entertained at the home of Rev. and Mrs. Gardiner last Friday evening. Twenty-five in all were present. A lovely time and lunch was enjoyed by all. They voted to meet the next time with Mr. and Mrs. John Welsh in Wellington.

Elizabeth Gallatin, who has been working in Elyria, will return home for school.

Dr. Ray Sheldon, wife and two children from White City, Kansas, arrived at the home of his uncle, Irving Starr, on Saturday. They also visited their cousin, Mrs. Walter Gregg, and family, and another cousin, I. M. Starr, and wife. He also called on several others in town. Dr. Sheldon was born in Penfield and left the Buckeye state with his parents at the age of nine years for Kansas.

The Qualman reunion was held at the F. E. Kleinhan's home. Thirty-four in all were present from Port Clinton, Gypsum, To-

ledo, Huron, Oak Harbor, and New York. As this was the first Qualman reunion ever held it was voted to meet each year on Labor day.

Adelbert DeFields accompanied B. C. Bens to Wheeling, W. Va., where Mr. Bens showed his fine Ayshires at the fair.

Ray Bradley had the misfortune to break his arm while cranking a Ford machine.

Richard Biggs has a fine position at Bedford, Ohio.

Mr. and Mrs. A. B. Smith, Mrs. A. L. DeFields.

Mrs. Judson Stone and daughter, Dorothy, of Oberlin, motored to Chatham and spent Friday with Mr. and Mrs. Claude Pierce.

Byron Dague, who has been working in Cleveland this summer, returned home for school.

Several ladies met on last Thursday afternoon at the M. E. church for a quilting bee. Thirteen rugs in all were sold. Mrs. Frank Gott, of Elyria, and Mrs. Howard Stepen, of Cleveland, were visitors.

E. Nichols is in the wilds of Canada hunting game.

Carl Myers is in Barborton working mad attending school.

Mr. and Mrs. Baum, of Pittsburgh, have been visiting their son, Will Baum.

Mr. and Mrs. Rolla Dague and daughter, Helen, attended the Richmond-Hull reunion held at Society Hall, Saturday.

Mr. and Mrs. Baylor attended Will Baylor's sale in Medina last Tuesday.

Jack Chevalier had the misfortune to fall from a horse on Tuesday evening and dislocated his shoulder.

Clyde Minkler, Ruth Minkler and Mrs. Laura Steward are now living in Lorain. Miss Ruth Minkler will teach in the public schools at Lorain the coming year.

Mr. and Mrs. Ford Dalgleish and sons took dinner Sunday with Mr. and Mrs. Rolla Dague and in the afternoon all motored to Oberlin.

Dwight Smith is now convalescent.

Miss Louise Roice, substituting teaching for Miss Miller, of Amherst, will enter Oberlin college Sept. 17th, preparatory to become a kindergarten teacher.

WEST RIDGE

ANY KIND OF GUN AND AT MOST ANY PRICE

Squirrel Seasons Opens Sept. 15

We like to sell guns at a price just the same as any other hardware store, but it is a funny thing, most of our gun trade is young fellows who have the fever to hunt and not much money—a true nimrod is almost always in that condition—well, we have made many friends by helping fellows get good guns in time to hunt at reasonable prices and still not hold their insurance.

We sell anything for the Hunter and Fisherman. Ask the best in town—they know!

NATIONAL DEFENSE DAY

A great deal of controversy has arisen over what was first spoken of as "Mobilization Day" and later has been referred to as "Defense Day." This day, September 12th, has been set apart by the President, in which most of the governors of the states have joined, to make more or less of a demonstration and to test America's fighting strength in case war should be declared.

This day and its program has been seriously criticized because there are those who insist that it will tend to glorify war; that it will spur on those who are interested in making a profit out of war equipment and ammunition; and that it will have an ill effect upon the other nations of the world.

Those who favor it insist that the surest way to prevent war in the future is to be thoroughly equipped and ready, and that America should be prepared for whatever may occur and that the basis of preparation is a knowledge of our weakness and our strength and that this day will furnish us with such information.

There is much that may be said on both sides of the controversy. Those who are defending the day declare that there is great difference between this kind of mobilization and the mobilization of Russia or of Germany, and that it really is a day for the expression of patriotism and recognition of the necessity of American citizens meeting the perils from without whenever they may appear.

We feel that it is a very unfortunate time for us to have such a demonstration as this, when the nations, who are assembled under the direction of the League of Nations in Geneva, have been emphasizing the settlement of all differences between nations without war. And when America has really taken the lead in the program of peace, for her now to give the impression abroad that we are going to depend more upon our physical prowess than upon our intellectual and moral force, places, we believe, America in an unjust position.

We may declare the purpose of this day to be whatever we desire it to be. But it is not a question of what our president or our governors or the people themselves declare the purpose to be, which will affect the sentiment of the world, but it is rather the interpretation that is placed upon it by the people on the other side of the sea. They know that the Kaiser or the Czar might have given us an excuse, anything else than the real purpose of mobilization, but the gathering of the forces together, the show of strength the exhibit of power, they interpret in just one way and nothing that we can say will change it. And it must be disheartening not only to those who are working, who are endeavoring to travel only in the paths of peace abroad, but those who are devoting their attention to educating our people along the same lines, to have this show of power in America which nation has been the example and the inspiration of those who have been so working.

We look back upon the various wars in history and we do not find that any of them have ever settled any problems. There has been a change of political status as the result of conflict. Powers have desisted from their former activities because of defeat in war, but fundamentally the attitude of mind which is responsible for the overt act has never been convinced by the sword or the gun.

We believe everything of value that might be attained through this Mobilization or Defense Day, or whatever we may call it, could all have been attained if we had done it in the interest of peace and with the idea of the elimination of all war. And instead of glorifying the instrumentality of death, emphasizing upon that day the instrumentalities of reconstruction, of life and of hope. In so doing, our Army and Navy could have participated. Our national guards could have participated; our ex-soldier boys and all. And we could have had the co-operation of all bodies of men and women, even those who have reached the point where they believe it is better to suffer as a nation than to kill in war, and it would have had a tremendously wholesome effect upon all the other nations of the earth.

We are proud of the courage and heroism that has been displayed by our fighters for America from the time of the Boston Massacre to the present hour. We have all been stirred to greater consecration by these sacrifices. But the sacrifices that are made, sufferings undertaken for the establishing of the principles in the settlement between nations, as they settled disputes between individuals, are as stirring and powerful in their effect upon our lives and should be in the development of our national patriotism as the same sacrifices upon the battlefield.

We know that it is only the institution of patriotism that has prompted the thousands in planning to participate in this Mobilization or Defense Day, and with this in mind we are happy to note their activity and their earnestness for it shows that the love of country is the dominate note in their lives.

We sincerely hope that the program of this day shall be helpful in a most meaningful way and that the distinct program that has been made by those who

THOU TOO, BRUTUS!

are carrying on the propaganda for the peaceful settlement of disputes, shall not be arrested to the slightest degree. With this in mind, we can make the most of the day without hurting us nationally, at least, and may be after we have protested for twenty-five or fifty years and have squared our actions to our protest, the nations of Europe will believe that this Mobilization Day was not the "rattle of sword" as they consider such days in their own land.

We believe it would not be inappropriate at this time in connection with tomorrow's plans to read over most carefully the utterance on war that was made to the General Conference of the Methodist Episcopal Church in Springfield, Mass., last May. It appears in another part of this edition. It is one of the most comprehensive and yet concise statements that has been issued in relation to that scourge.

THE WAY OF THE WORLD

By GROVE PATTERSON

Frenchmen are nervous. Rumor says that Russia and Germany have joined hands for an advance on Paris in October. Twenty-five thousand warplanes are said to be ready. A new gas has been invented which will burn on everything it touches. These wild tales are just a few of many. War does more than kill and maim and cost money. It upsets the nerves of a nation. Folks don't recover from war overnight—or in six years.

We are all full of things we would do "if we had time." We are full of plans that we will get around to "sometime." But the work of the world is done today. And those who are doing the big work of the world are doing it now. They have time because they take time. They have the intelligence to distinguish between the important and the trivial. Have you that much intelligence?

TIMELY VIEWS ON WORLD TOPICS

"AMERICAN IMMIGRATION ACT AFFECTS JAPANESE LIBERAL AND LABOR FORCES."

That the American immigration act recently enacted, has affected the liberal and labor elements in Japan is the statement of Yusaku Katsuragi, Japanese lecturer now in the United States.

"The crucial point," he said, "is whether Japanese liberal forces will be swallowed up by the radical and socialistic forces of labor or whether the former will be a factor exercising moderating influence upon the rising labor group and lead the country along the path of peace and international good will."

"The immigration act of your country created a sensation bringing in its train an inviolable and indomitable desire to roll back on Asia."

"In Japan, agriculture has ceased to be a profitable undertaking. Both the landowners and the tenants are losing their interest in agriculture. They would be only too happy to leave the farms if they could. Here is the seriousness of the problem in a word, we are up against a great stone wall—the scarcity of land in proportion to population. There are only three ways out of the impasse. We must either increase our land holdings, decrease our population, or industrialize the whole country."

"The Japanese Federation of Labor did not issue any public statement on the American immigration act, so the outside world does not know what its stand really is."

He was later assistant pastor of the Lafayette Avenue Presbyterian church, Brooklyn. In 1904 he became pastor of the fashionable First Dutch Reformed church, Schenectady.

When he went to Schenectady, he was a Republican. The city in those days was run by a group of high-branded politicians and Lunn set out to get their scalps. He entered the aid of Charles E. Hughes, then governor, who ordered an investigation.

Treads On "400's" Toes

Lunn's efforts to clean up the town brought him into conflict with some members of his congregation, who felt he was bringing notoriety upon a very exclusive church. He resigned. In 1911 he was nominated for mayor by the Socialists and elected. He was re-elected in 1913, but broke away from Socialists, who found that he would not live up to their revolutionary doctrines. He was elected to Congress as a Democrat. Then he was returned as mayor of Schenectady as a Democrat. In 1922 he was mentioned as a candidate for governor, but received the lieutenant gubernatorial instead. He is married and has five children.

POEMS THAT LIVE

THE LONG WHITE SEAM

As I came round the harbor buoy,
The lights began to gleam,
No wave the land-locked water
surred,
The crags were white as cream;
And I marked my love by candle-light,
Sewing her long white seam.
It's aye sewing ashore, my dear,
Watch and steer it sea,
It's reef and furl, and haul the line,
Set sail and think of thee.

I climbed to reach her cottage door;

O sweetly my love sings!
Like a snail of light her voice
breaks forth.

My soul to meet it springs,
As the shining water leaped of
itself,

When stirred by angel wings,
Aye longing to list anew,
Awake and in my dream,
But never a song she sang like
this,

Sewing her long white seam.

Fair fall the lights, the harbor
lights,

That brought me into thee,
And peared down on that low
roof

For the sight that I did see,
And the voice, my dear, that rang
so clear,

All for the love of me.
For O, for O, with brows bent
low

By the candle's flickering
gleam,
Her wedding gown it was she
wrought,

Sewing the long white seam.
—Jean Ingelow.

Cotton cultivation is making good headway in Australia, which is said to possess a considerably greater area of land endowed with the necessity of cotton-growing climate and rainfall than does the United States. The Australian area suited to cotton-growing is given as 375,630,000 acres against 700,000,000 acres in the United States.

CAPT. GEORGE C. DENNIS, son, Elyria, was severely wounded in a battle on the Weldon Railroad.

GENERAL SCHENCK OF THE Union army came here and gave an address at the court house in the interest of the Union cause.

THE YOUNG LADIES OF THE village gave a reception and dance to the one hundred days men, who had just returned from the battle front.

BITTER FEELING WAS engendered during the presidential campaign between the so-called Copperheads who criticized the Lincoln administration, and returned Union soldiers. A number of fist fights took place, and the Copperheads learned that the soldier could fight at home as well as on the battlefield.

DAVIS KEYNOTE TONIGHT AT DENVER

ESTES PARK, Colo., Sept. 11.—Refreshed by a three days rest in the Colorado Rockies John W. Davis, left here early today for Denver to expound the second keynote speech of his drive to win the rest.

The Davis party motored for sixty miles along narrow canyons down the eastern slope of the Rockies. Davis frequently halted the motor cavalcade to linger over the mountain scenery. He also made a brief stop at Boulder to meet citizens there.

Davis will lay down his governmental theories on reclamation and conservation in his speech at Denver tonight. He will go thoroughly into the problems confronting the far west and discuss the adverse conditions now affecting homesteaders and reclamation settlers. To round out the picture he will offer his own program of remedies.

In another speech at Cheyenne Friday night Davis will deal with the subject of national resources with special reference to the Teapot Dome oil scandal. The Democratic nominee likewise was ready to propose his own program to ward the national resources in the Cheyenne address.

With Cheyenne and Denver speeches delivered Davis will speed eastward for another whirl through the grain belt before returning to New York. He will speak at Topeka, Buncion, Mo., Des Moines and Chicago, with a drive into Illinois and Indiana. On his arrival in New York he will campaign the Atlantic seaboard before making another swing around the west.

MARINES LAND IN HONDURAS

WASHINGTON, Sept. 11.—After landing 100 marines at Ceiba Honduras, the United States battleship Rochester has proceeded toward Tela, where American lives and property are reported to be endangered by revolutionary activities, according to a dispatch to the state department today.

It was expected more marines would land at Tela. General Ferrera, revolutionary leader, was reported to be at Villanueva or Progresso, Honduras and it was feared he might attack San Ro Sula or Tela.

NUXATED IRON

Helps make rich red blood and revitalize weak nerves

W E A K N E R V E S AND THIN BLOOD

RUIN HEALTH OF THOUSANDS WITHOUT THEIR EVER SUSPECTING THE REAL CAUSE OF THEIR SUFFERING—IRON STARVATION.

An enormous number of people who ought to be strong, vigorous and full of life are constantly complaining of weak nerves, headaches, pains around the back, disturbed digestion, shortness of breath, palpitation of the heart, a general "run-down" condition, melancholy, bad memory, etc., all as a result of iron starvation of the blood.

There are 20,000,000,000,000 red blood corpuscles in your blood each one must have iron. Without iron your blood also loses its power to change food into living cells and tissue, and nothing you eat does you the proper amount of good—you do not get the full strength out of it and as a consequence you become greatly weakened both in body and mind.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 4,000,000 people annually are using Nuxated Iron. It will not irritate the stomach nor disturb the bowels, because it is organic iron like the iron in your blood and like the iron in spinach, lentils, and apples and not metallic iron which people usually take. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. Beware of substitutes. Look for the word "Nuxated" in every package and the letters N. I. on every tablet. Sold by all druggists.—Advertisement

BIG MAJORITY FOR SENATOR COUZENS

DETROIT, Sept. 11.—Top-heavy Wayne county returns brought the plurality of Senator James Couzens to more than 51,000 votes over Federal Judge Arthur J. Tuttle in the Republican senatorial primary, returns practically complete showed today.

In Wayne county (Detroit), Couzens ran more than 83,000 votes ahead of Judge Tuttle, wiping out Tuttle's margin of 32,000 outside Detroit. Gov. Alex Groesbeck, won a third nomination, overwhelming his nearest rival, James Hamilton, Klan candidate, by 200,000 votes. George W. Welsh, speaker of the house, was nominated for lieutenant governor.

Make Arrest In Narcotic Case

TOLEDO, O., Sept. 11.—Charged with perjury, Oscar C. Pettiford, one of the defendants in the Mt. Victory Narcotic cases, in which the government is seeking to prove a conspiracy to transport vast quantities of drugs illegally, was arrested this morning upon orders issued by Judge John M. Kilharts, presiding in federal court. Assistant District Attorney Reed announced that Pettiford's case would be placed before the grand jury next week.

Pettiford, Reed said, had stated in the Marshall's office here, in the presence of government officials, that Earl Tapp, one of the defendants in the present trial, had threatened Calvin Trapkey, the main government witness, with a gun at the Pettiford home some months ago. Trapkey had already testified Tapp had threatened to kill him if he "squealed" on his companions.

Pettiford on the witness stand denied that Tapp had a gun or had threatened Trapkey.

The case may reach the jury late today or early tomorrow.

Police Arrest Murder Suspect

CLEVELAND, O., Sept. 11.—Three men and a woman, all occupants of a high powered touring car, which police stopped in the business district, after trailing it for several hours, were held as suspects in the murder of William A. Kinsey, 31, here early today.

Although the shooting was apparently the outgrowth of an attempted holdup of a restaurant where the murdered man was dining, detectives are working on the idea that a love affair was at the bottom of it.

According to police, Kinsey was to be married in a short time to a woman who was recently granted a divorce, and it is their belief the alleged holdup was staged to "cover" the marriage.

The names of those being held was not made public.

authorities of each corps area has been extended to all local civic and patriotic bodies desiring to aid in the success of the movement. It is upon reports from these corps areas that war department officials base their optimistic forecasts of a great national success.

Generally speaking, however, the Defense Day program will follow the same broad lines everywhere. Military parades will be an outstanding feature in practically all of the larger cities and towns. Philadelphia reports that it expects 50,000 people to participate in the parade there. Seattle will have a parade of 10,000 marching men.

In practically all of the communities where they day will be observed, patriotic addresses will be delivered while civilian and military officials will make a special effort to impress upon the people, by means of addresses, the meaning and importance of National Defense.

Finger Nail 3 Feet 6 Inches Long

WORLD'S LONGEST FINGER NAIL

SHANGHAI, Sept. 11.—The longest finger nail in the world has just been discovered by an American missionary at Chowku-how, in Hunan province.

An old Chinese gentleman of leisure in that island city, now ravaged by floods, has put to maturity a finger nail that is now 3 feet 6 inches long—and still growing.

Along about the time that it became the general custom in China for girl babies to have their feet bound until they were merely little living stumps on which they shuffled along as though they were walking on eggs, as evidence to the world that they were truly "treasures of the inner chamber" and never, never turned a hand in manual labor, the gentle-

men of leisure in China emulated their example by growing finger nails to such a length that work with their hands was simply impossible.

Down through the endless ages finger nail cultivation in the Middle Flower Kingdom became one of the hae arts of the Chinese until the foreigner with his mechanical devices, his progressive Western ways and his desires to get out and "do things" gradually caused it to become more or less passe.

In most places, and especially in the cities where foreigners now congregate along the China Coast, long finger nails have gone out of style, but in Hunan province they still grow them long.

his property on the ridge this fall. Mr. and Mrs. Wm. Ruth will move onto the Ruth farm.

Steve Bo-soo has recently erected a garage. He has had the barn on his property moved to a position nearer the road and will have it remodeled for a house.

Albert Kluss, of Amherst, is erecting a 14x20 foot building on the George Rosecranz property, which they expect to use as a grocery store.

Mr. and Mrs. Fred McQueen attended the pipe organ dedication services at the Amherst Congregational church, Sunday.

E. F. Miller and son and A. W. Dadrach and son exhibited their cattle at the Sandusky fair last week, winning a number of premiums.

At the conference held last week at Lancaster, Rev. Chester Kern, pastor of the Brownhelm and Henrietta Evangelical churches the past two years, was assigned the Sandusky Evangelical church, and C. Holzworth assigned the Brownhelm and South Ridge churches. Other appointments of interest to many here were: Rev. L. C. Seich, Cleveland, East 75th; Rev. George Miller, Cleveland, East 105th; Rev. H.

Fuossne, Cleveland, West 41st; Rev. F. A. Firestone, Canton, Grace; Rev. R. L. Sutherland, Homeworth; Rev. M. J. Temple, New Zion; Rev. P. E. Smoke, Miller Ave., Columbus; Rev. L. R. Herbst, Green Springs, and Rev. M. Neumeister, Elliston.

Mr. and Mrs. J. H. Miller attended the funeral of Mrs. Josephine Coles, of Peru, O., Tuesday afternoon.

Mr. and Mrs. Samuel Bacon and daughter Beryl, and Mrs. J. Shotton attended the dedication of the Kline Memorial pipe organ at the Congregational church, Sunday.

Harold Bacon, of Cleveland, spent the week-end at his home here.

LIMA, Sept. 11.—An alleged "petting party" is grounds for suit for alleged \$350 damages filed in a court here recently, following an automobile accident near here. In the petition filed, the driver of one machine, alleges that the driver of the other had four occupants, two boys and girls, in a coupe designated as a "two passenger machine" and that the driver of the machine was engaged in a "petting party," causing him to be responsible for the crash. The alleged damages covers the damage done to the machine of the man who has instituted the suit.

Of the paper now manufactured, 99 per cent is machine-made. Worcester, Mass., is the largest producing centre of envelopes in America.

IN STATE CONTEST

Fulton County Farmer Holds Record to Date; Final Results Later

Of the forty-one Ohio farmers who entered the state contest to grow 40 bushels of wheat an acre on 10 acres, three have qualified to date, announces Wallace E. Hanger, farm crops specialist at the Ohio State University. The winners are:

Clarence Cash, Metamora, Fulton County, whose yield was 45 16 bushels an acre; F. A. Fleming, Wauseon, Fulton County, 40 38 bushels; and L. C. Her, Findlay, Hancock County, 40.07 bushels. The state average for 1923 was 18.2 bushels.

The winners will be enrolled as members in the new Forty-Bushel Wheat Club, which is patterned after the 100-Bushel Corn Club of Ohio, now in its eighth year, with a membership of 44.

As in the corn club, each county in the wheat contest will have a county champion as well as a state champion. The farmer with the best yield in the county will win the championship medal for that county, provided his yield exceeds 25 bushels to the acre. Farmers who have qualified for county champions are: H. D. Bowers, Auglaize County, whose yield was 32.77 bushels; W. E. Marshall, Montgomery County, 34.33 bush-

els; N. C. Leslie, Williams County, 34.78 bushels, and Jesse Delter, Wood County, 37.33 bushels. The farmer with the highest yield in the state will be named state champion. He will receive a trophy cup at Farmers' Week at the Ohio State University.

Wayne Wheeler returned home from the West, Monday.

H. Howard and family, of Eaton, visited at S. Howard's, Sunday.

Ford Hastings will be the driver for the school wagon this year.

Mrs. White, of Cleveland, is spending several days with her cousin, Mrs. A. Seeley.

Mrs. Edith Tran was the guest

of Mrs. J. Mangan at Lorain, Friday.

Miss Inah Avery, of Elvira, visited her cousin, Mrs. S. Behner, Monday.

Corey Sears, of Toledo, called at G. Hauchett's, Sunday.

The families of A. Seely and F. Tran attended their reunion at Cascade Park, in Elvira, Saturday.

COLUMBUS, Sept. 11.—Building and loan associations, as well as many of the banks here, are demanding tornado insurance on new contracts for loan. A recent survey here shows. The movement has been started to make the Lorain disaster. It is reported that some associations are also sending letters to holders of old loans, asking that they take out tornado insurance. These had been required, only to have fire insurance.

The Clothing business was once very simple. A few fabrics, commonplace tailoring—and styles that were almost grotesque. But progress in the Clothing business has kept pace with other things that mean real advancement.

Now the mills and designers have co-operated with wonderful tailoring skill to create garments that are becoming—are graceful—are serviceable, comfortable, practical. This fall presents the peak of this attainment in Suits and Topcoats at

NO NEW BRIDGE SEEN FOR LORAIN

The problem of better bridge facilities at Lorain is being discussed at the Port city but on account of financial conditions it is quite likely they will have to worry along as things are now according to the county commissioners.

The commissioners were in Lorain on other business a few days ago and they were called into conference with city officials who stated that Erie avenue bridge had outgrown its usefulness and a new bridge was needed at that point, or at a point some five blocks further south. The latter proposition would be a high level bridge that would have to span the river and the B. & O. tracks, and would necessitate the purchase of several parcels of land.

Commissioner Richmond states that no change will be made for some time to come. The present bridge, approach on the east may be straightened out, but that is all that can be done. A large part of the expense of a new bridge would naturally fall upon Lorain which is not in a financial position to pay for such an improvement.

Lorain officials themselves are divided as to just what should be done so the question will be allowed to rest for a time at least.

Sunday Rally at St. Peter's Church

AMHERST, Sept. 11.—On Sunday, Sept. 14th, the St. Peter's Evangelical church will hold a Renovation and Festival Rally Day. During the past weeks some wonderful changes have taken place in the church building. The old windows have been replaced by a set of beautiful new art glass windows. Here is a list of the subjects and those who purchased them:

- "Christ in Gethsemane," Chas. Elbis Family.
 - "The Resurrection," Daniel Berg Family.
 - "The Good Shepherd," Bible School.
 - "Christ Knocking at the Door," Ladies' Aid Society.
- These four windows contain full size paintings and are full of expression. The following are small medallions and picture the life of Christ:
- "The Nativity," Mr. and Mrs. J. H. Frederick, Sr.
 - "Christ in Temple," Senior League.
 - "Healing the Sick," Mr. Frank Mischka.
 - "Christ and Woman at the Well," Mr. George Neiding and Family.
 - "The Last Supper," O. H. Baker and Family.
 - "The Crucifixion," The Gleaners.

The two windows in the choir balcony, back of the pulpit, containing the emblems, "Grain" and "Grapes," symbolizing the Lord's Supper, were paid for by C. J. Ehrman and family. The two small windows in the vestibule were purchased by Mr. and Mrs. Fred Holzhauser and Mr. H. Heusing. The Church Council and the congregation are greatly indebted to these kind donors.

Frank Cuthell, of Detroit, has had a half dozen or more men who are spending seven weeks in repairing, redecorating and refinishing the church interior. They will also paint the tower and all exterior wood work and flashing.

Three services will be held during the day. The morning service at 10:30 will be in German at which time the venerable father of the Pastor will occupy the pulpit. The service in the afternoon at 3 o'clock and in the evening at 7:30 o'clock will be in English. In the afternoon Rev. R. J. Loew, Strasburg, O., will preach the sermon and Rev. Theo. Frohne, of Cleveland, in the evening. Our sister churches in South Amherst, Lorain and Elyria have also been invited to our festival. Supper will be served in the church parlors to all our people and our many guests who will honor the day with their presence.

FAREWELL PARTY GIVEN
AMHERST, Sept. 11.—A farewell was tendered Misses Helen Baker, Kathleen Frederick and Mildred Delbridge at the home of Mrs. E. H. Sahls, Harris St. The guests were members of the R. G. Girls of whom Mrs. Sahls is teacher. Games and music furnished entertainment for the evening followed by a two course luncheon served in a prettily decorated dining room. Garden flowers centered the table and yellow and white baskets of candy were used as favors. Covers were arranged for Misses Charlotte Standen, Henrietta Tenhope, Elda Schofield, Helen Belden, Catherine Robertson, Alice Kendall and Mrs. Sahls. Helen and Mildred were in two weeks for Lake Erie college at Painesville and Kathleen will enter Lakeside hospital, Cleveland to train as a nurse.

STUDENTS IN CONTEST

AMHERST, Sept. 11.—On Friday the contest for the most subscriptions of the high school record will close. The winning side will be determined, which is divided in two groups: the Juniors and Freshmen one group; Sophomores and Seniors, another group. The losing side is to give a Halloween party for the winning side. Much enthusiasm is shown.

SOCIETY

CARL CUSHING TO WED EVANSTON GIRL NOV. 6

The coming marriage of Carl Cushing of this city to Miss Katherine McKinnon of Evanston, Illinois will be an event of November.

Already many of the arrangements for the ceremony have been completed as is evidenced from the following item from the bride-elect's local paper:

"Thursday, November 6th, is the date chosen by Miss Katherine McKinnon, daughter of Mr. and Mrs. R. W. McKinnon of 421 Grove street, for her marriage to Carl F. Cushing, son of Dr. and Mrs. C. H. Cushing of Elyria. The ceremony will take place at eight o'clock in the evening at the McKinnon home and will be followed by a reception. The Rev. Dr. David Hugh Jones, pastor of the First Presbyterian church, will perform the ceremony.

"Miss Elizabeth Stevens of Kenilworth will be Miss McKinnon's maid of honor and the bridesmaids will include the Misses Addison Pelletier of Sioux City, Ia., Jean Kane of Indianapolis, Ind., Grace Jeremy of Salt Lake City, and Elvira Young of Grand Rapids, Mich. Little Edith Farrchild of Milwaukee will serve as flower girl. Thomas Cushing of Elyria, will be his brother's best man and the ushers will be John Lorenzo Walter and John Seale of Evanston, John Cushing of Elyria, brother of bridegroom-elect, and J. L. Davis of Detroit, Mich."

MISSIONARY FROM ITALY TELLS OF CONDITIONS ABROAD

As many know, the first of January is no longer considered the beginning of the new year as far as women's organizations in the Church and club programs are concerned. It is now in the middle of September or first of October when activities are resumed.

Although there have been numerous "first meetings" of the season for a week or more, the season of club activities will not get under way until the first week in October.

However, the missionary societies of the city which disbanded for the summer months have been busy through their committees and everything is in readiness for a year of service in the Churches of the city.

Last evening at the First Baptist Church, the first meeting of the Woman's Missionary Society took place with some sixty-five members present. Indications pointed towards a most successful year under the leadership of the president, Mrs. Celia Porter and the executive committee and with the counsel and co-operation of Mrs. W. L. Walker, the pastor's wife, who was welcomed in the spring by the Society.

A fine supper was served at six o'clock by the September supper committee of which Mrs. Georgia Gegenheimer was chairman. Following it, the women adjourned to the Men's room where a short business meeting preceded the program.

"The Prayer-Life of Jesus" was the subject of the devotional led by Mrs. Marian Daniels.

Miss Edith McReynolds, a missionary from Rome, Italy, was then introduced. Miss McReynolds as well as telling of her Italian work, brought a message from M. and Madame Contesse of France, missionaries in whom the Society has been interested for sometime.

The next meeting of the Society will take place on October 6th when Mrs. Marian Palmer, Mrs. Margaret Ackerman and Miss Mae Lyman will be in charge of the program.

MISSIONARY SOCIETY OF C. OF C. MAKES PLANS FOR WINTERS WORK

Mrs. George Ingersoll delightfully entertained the Missionary Society of the Church of Christ at her home on Lake avenue yesterday afternoon. This was the first meeting of the fall.

The hostesses for the coming year each gave a tentative outline of their program. Mrs. Gladys West of Oberlin and Mrs. D. A. Baird favored with solos.

Mrs. C. A. Martin outlined the program of the United Christian Missionary Society will be held in October in the Cleveland Public Auditorium.

This meeting will mark the close of a golden jubilee year campaign to raise one million dollars for the new Christian Orphanage in Cleveland. The cornerstone of this Orphanage was laid today on the site of the old building. T. T. Robinson of this city is on the board of the orphanage and was in attendance at the cornerstone laying.

CIRCLE TWO IS ENTERTAINED

Circle No. 2 of St. Paul's church was most pleasantly entertained by Mrs. H. H. Trumpy at her home on 419 Oxford street. There were thirteen members and three visitors present.

The regular business session was followed by a dainty luncheon served by the hostesses.

In two weeks the Circle will be entertained at the church with Mrs. M. E. Oswald as hostess.

MEETINGS

The regular rehearsal of the choir of the Methodist church will be held this evening in the church.

The Welsh male choir will meet at the Methodist church on Friday night for rehearsal. Miss Louise Brown is the permanent accompanist for the choir.

The Dorcas Society of the Church of Christ will entertain the men at a winter social at the home of Mrs. Parmely, 401 High street, Friday evening at 6:00.

The Young Men's Bible Class of the Second Congregational Sunday school will be entertained by their former teacher, Mr. McKenzie at his home, 1224 Lake avenue Friday evening, September 12th. All of the members of the class are invited.

The meeting of Division L of the Second Congregational church has been changed from Friday evening to Friday afternoon and as a consequence, the members will meet at the home of Mrs. George Campbell, 125 Garvin avenue, at two o'clock tomorrow afternoon. Mrs. Frank Rowley will be the assisting hostess.

PILGRIM COMMUNITY BUILDING COMMITTEE MEETS TO PLAN

An enthusiastic meeting of the trustees and officers of the church with the church building committee was held at the home of Mr. and Mrs. D. A. Stanford, last night.

A full attendance of the members were present. George Day was chosen chairman of the committee and D. A. Stanford, secretary. Tentative plans for the proposed new church building were drawn up and it was decided to enquire for estimates of material and cost of construction.

The meeting adjourned to meet next Monday night at the home of Mr. and Mrs. Irvin Wendell, 421 Kenyon street, to receive reports of the committee members.

The subject of the Sunday morning service will be "Our Debtors." The pastor will preach.

LADIES AUXILIARY OF EAGLES HAVE SPLENDID MEETING

The Ladies Auxiliary No. 421, P. O. E. met last evening in Eagles hall with a good attendance and much enthusiasm. The fall work is getting under way in fine shape as members are again home from their vacations.

Several items of business were transacted and it was voted to have a new drill team formed, and Mrs. Jessie Rogers was chosen as captain. Plans were also made to have a card social at the time of the next meeting, September 24th, at which friends of the members and the general public will be invited. On this evening a short business meeting for members will be held at seven o'clock sharp to precede the social.

COURT OF HONOR ELECTS OFFICERS FOR FALL TERM

The Court of Honor met in regular session last evening in the G. A. R. hall, with a good attendance.

During the lodge meeting, the election of officers took place with the following results: chancellor, Jordan Smith; vice chancellor, Delmer Huffman; past chancellor, C. E. Babcock; chaplain, May Easton; sentinel, Donald Hoag; guard, Glen Hoag; and recorder, Ruth Goss; trustee, Frank Hitsman; conductor, Nina Hitsman and degree captain, Fred Maddock.

A social hour following the meeting and during it dancing to music furnished by the Court of Honor orchestra was enjoyed.

LOCAL MEMBERS OF DAMES OF MALTA ATTEND CONVENTION

A number of Elyria women, members of the Dames of Malta have been in attendance at the State Convention of the Dames of Malta held at Hotel Winton, Cleveland, on Tuesday and Wednesday of this week.

They included Mesdames A. Botamer, H. Wilson, A. Raper, H. Drage, A. Buswell, B. Niles, H. Hastings, P. Hobill, A. Jones, R. Tichenor, C. Bishop, J. Gray, and W. Shubsole.

SECOND CONGREGATIONAL DIVISION MEETS

Division D of the Second Congregational church met yesterday afternoon at the home of Mrs. George Peabody on Bond street. Mrs. Peabody was assisted by Mr. O. E. Mason. There were nineteen members present.

Mrs. George Braderick, chairman of the division, led devotion, after which a short business meeting was conducted. Announcement was made of a work meeting on the 24th of September at Mrs. O. E. Mason's home. On the 8th of October, Mrs. Squires and Mrs. George Smith will be hostesses, the place to be named later.

A pleasant social hour closed the afternoon.

CONFERENCE AT SECOND M. E. CHURCH

The District Conference which is being held at the Second Methodist church this past few days, is being presided over by District Superintendent Dr. T. L. Ferguson.

Yesterday morning, devotional exercises were conducted by Rev. J. W. White after which Dr. Ferguson read the First Psalm and gave a beautiful exposition of the first verse. This was followed by the organization of the actual work of the conference and committees were appointed.

Dr. Ferguson then gave the District report after which Dr. W. H. Riley, pastor of a church in Paris, Ky., and secretary of the conference was introduced and brought words of greeting.

The following brethren were introduced to the conference: Britton of Springfield, Leilaus of Xenia, Patton of Columbus, and Jenkins of Cleveland. Conference president of the W. H. M. Society, Mrs. T. L. Ferguson was then introduced and the women's society was organized for another year.

The registration has reached one hundred so far this year and many others are expected.

DELPHIAN CHAPTER OF ELYRIA ORGANIZES

The Delphian Chapter of Elyria met last evening at the Y. W. C. A. at seven o'clock. At this time complete organization of the Chapter took place with election of officers for the coming year.

Mrs. M. B. Davis of Cleveland, local organizer, was present and outlined the work for the semester and made announcement of the Delphian Social, event of the year, which takes place October 4th, at the Hollenden Hotel, Cleveland.

Miss Dorothy Wilcox was unanimously elected president of the local Chapter. Miss Frances Green, vice president and Miss Mabel Refenning, secretary by a large majority vote.

The next meeting will be held at the Y. W. C. A. on September 29th, at which time Mrs. Davies plans to be present.

OBERLIN

By Mrs. W. R. Chapin

OBERLIN IS DIVIDED ON MURDER SENTENCE

OBERLIN, Sept. 11.—The decision of the Chicago Judge John R. Caverly in refusing to send the Plunks slayers to the gallows was characterized in the Chronicle-Telegram headlines yesterday afternoon as unpopular. During the day the Oberlin reporter had occasion to talk with several persons on the subject and was convinced that the majority with whom he held conversation were in favor of the life sentence rather than hanging. To prove to himself that he was right a selection of citizens was made from the phone book including ministers, lawyers, laboring men and students as well as business men, and each was asked to express his views on the subject. Fifteen persons were asked whether or not they agreed with Judge Caverly. Of these, ten upheld the judge's decision and five declared in favor of hanging.

Those who favored a life sentence rather than the more drastic measure stated for the most part that they could see no gain in killing the boys, who were quite evidently abnormal. Those who would have preferred death said they were not especially anxious to see the lads killed, but thought that as long as murderers are usually executed, Leopold and

Loeb should suffer the same penalty. There seemed to be a minimum amount of betting on the decision in Oberlin.

SIGNS BAD CHECKS TO LEARN WHAT IT'S LIKE IN JAIL; NOW HE KNOWS

NEW HAVEN, Sept. 11.—Forty days in jail was the sentence meted out in the police court to Dudley Shannon MacKenzie, 29, who posing as a sociological investigator, was charged with passing fraudulent checks on four local merchants. He claimed a Yale faculty member had advised him to get arrested to secure intimate experience as a jail inmate. MacKenzie gave his home address as Washington, D. C., and said he had been a student at Oberlin college. MacKenzie was arrested at his room in Yale dormitory where he had a card record of results of his investigation of local institutions. He had announced his intention to enter the Yale divinity school this fall.

McKenzie was well known in Oberlin, having finished his senior year in the Oberlin high school and having spent two years in Oberlin college, leaving Oberlin last June.

JACK BRADLEY IS HURT WHEN AUTO HITS TREE

OBERLIN, Sept. 11.—Losing control of his Steudebaker touring car when the steering wheel became useless, Jack Bradley crashed into a tree on North Main street yesterday afternoon, cutting himself quite badly across the eye. Otherwise no serious injury or damage was done.

O. B. C. ENROLLS

OBERLIN, Sept. 11.—Limiting its enrollment to high school or college graduates, the Oberlin Business college has now become of college rank, one of the first in the state to hold such a distinction. One hundred and twenty-nine students have entered the college this term, making the total enrollment at the present time 175. The new shorthand class has been swelled to such an extent that it has had to be divided. Although, according to President Henderson, the enrollment this year is about the same as last, the average time of the course being taken is much greater than last year.

35,000 ACRES OF WHEAT

OBERLIN, Sept. 11.—An interesting nine-week trip throughout the west has been reported by A. L. Rosemond, who is with the Kimpton Jewelry Company. Mr. Rosemond left about the middle of July, traveling up and down the entire Pacific coast and spending the greater part of his time in Montana, his native land. There is was that he visited the famous Harding wheat field, reputed to be the largest in the world, containing 35,000 acres of wheat. When he visited the

place, he reports, there were 87 harvesting and threshing machines at work at the same time bringing in the crop. Mr. Rosemond returned home Saturday.

REPORT ON WAR AT METHODIST CONFERENCE

Methods of Peace Urged to Replace Wars—Urge Steps to Outlaw Whole War System

The following is the report on "War" of the special committee of the General Conference of the Methodist Episcopal Church which met in Springfield, Mass., August 15-17.

"Millions of our fellow men have died heroically in a war to end war. What they undertook, we must finish by methods of peace. War is not inevitable. It is the supreme enemy of mankind. Its continuance is the suicide of civilization. We are determined to outlaw the whole war system.

"The patriotism of the Methodist Episcopal Church has never been challenged. Neither our motives nor our loyalty must be impugned when we insist on the fulfillment of pledges made to the dead and assert our Christian ideals for the living. Governments which ignore the Christian conscience of men in time of peace, cannot justly claim the lives of men in time of war. Secret diplomacy and political partisanship must not draw men into the dilemma of deciding between support of country and loyalty to Christ.

"The world is now open to a crusade for peace. War-weary nations everywhere are eagerly waiting. America must lead the way. Our nation and our Church can do now what we may never be able to do again.

"We set ourselves to create the will to peace. We recommend that a prayer for peace be prepared and used at every communion service. Through its educational program, our Church must mould the present youth of all races into a peace-loving generation. We shall launch an aggressive campaign to teach the nature, causes and consequences of war. The glorification of war must end.

"We set ourselves to create the conditions for peace. Selfish nationalism, economic imperialism and militarism must cease. We demand the establishment of the principles that conscription of wealth and labor must be the counterpart of any future conscription of human life. As great odium must be put upon the war profiteer as was ever put upon the slacker. The protection of special privileges secured by investors in foreign lands has too often imperiled the peace of nations. This source of danger must be prevented. The rights of the smallest nation must be held as sacred as those of the strongest. We hold the cause of peace dearer than party allegiance, and we shall tolerate no dilatory or evasive attitudes on the part of those who represent us.

"We set ourselves to create organization for peace. Grateful to our government for its leadership in the movement toward reduction of armaments and the promotion of tribunals for international arbitration, we insist upon a more decided and aggressive policy in these directions. We urge our President to summon another

Conference of the Nations for the more drastic reduction of armaments. We demand the immediate entrance of the United States into the Permanent Court of International Justice. The participation of the United States in a League of Nations will receive our active support. We shall elect men to public office pledged to secure these ends. The ballot and other direct processes of democracy must now be employed in securing a warless world.

World Christianity is enlisting in the campaign for peace. We seek alliance with all the forces which make for the principles here advocated. We, therefore, propose that our Church now as-

Says: Grandest Stomach Medicine in the World

Relief Comes At Once But Better
Still Chronic Indigestion Goes
For Good.

Get a bottle of Dare's Mentha-Pepsin from C. W. Phillips today with the distinct understanding that your money will be promptly returned if it does not stop the most acute stomach distress quicker than any remedy you ever used. Your stomach may be so distended with gas that you think every minute your heart is going to stop beating, yet with one desert spoonful of Dare's Mentha-Pepsin that dreadful feeling of suffocation will vanish in a few minutes.

It's a wonderful formula—this combination of Pepsin with other good stomach invigorators—so wonderful that in one small town in New Jersey, in 1921, over 6,000 bottles were sold. Never mind what causes your indigestion or gastritis, or how long you have had it, or how many other remedies you have tried, this is the one medicine that will make your old disabled stomach so strong and healthy that you can digest anything you eat without the slightest distress.

Even catarrh of the stomach can be banished in a reasonable length of time. And you know that when your stomach is in fine shape, nervousness, headaches and dizziness won't bother you. Every regular druggist guarantees one bottle of Dare's Mentha-Pepsin. C. W. Phillips sells lots of it.—Advertisement.

sume this responsibility by appointing at this General Conference a Commission of Twenty-five Members, composed of five Bishops, ten ministers, and ten laymen, authorized and instructed to call a conference of the religious forces of the world to consider the best plans and methods for making the impact of united Christendom against the evils we deplore. The principles of brotherhood are plainly challenged. The progress of the Kingdom of Jesus Christ is clearly at stake. The issues are so momentous, the opportunity for leadership is so great that we here and now call upon all people to avoid divisive and fruitless discussions and unite their energy in this great crusade for a warless world. To this sublime end we dedicate ourselves, and for its accomplishment we invoke the blessing of Almighty God."

China monopolized the art of paper-making for about 800 years, until the secret was learned from her by the Arabs, who improved upon the Chinese process by using linen or cotton rags instead of mulberry bark.

BAR POOR SEED AT STATE FAIR

So Report of Grain Expert Suggests for Future Years

To see how well the Ohio State Fair measures the agricultural progress of Ohio, particularly through its farm products department, state fair officials and the farm crops department at the Ohio State University have conducted and completed a study of exhibits in the farm products department.

They wanted chiefly to find out how much of the grain an exhibitor represented the Ohio grain farmer at his best. J. S. Cutler, farm crops extension specialist at the University, makes this report:

Some 1600 grain samples at the 1923 fair were collected. Of these samples, 112 were prize winners. Germination tests made by the state seed analyst resulted as follows: 47 per cent of the samples were absolutely worthless as seed, 14 per cent were of questionable value, and only 39 per cent were

actually fit to use as seed. "An examination of the premium list," the report continues, "shows that classes are provided for 12 varieties of wheat, 11 of oats, and 3 of rye. Many of these varieties are rarely grown in Ohio. The same is true of the classes for corn. Such crops as flax, speltz, millet, Kentucky blue grass, red top, crimson clover, and white clover are not produced commercially for seed in this state and yet have a class in the premium list.

"And in the 56 classes listed for growers, 40 were restricted to professional exhibitors, leaving only 16 classes for the small grower."

As a remedy Mr. Cutler suggests a germination test for all seed at the discretion of the judges, and a revision of the

classes to fit Ohio farm conditions more appropriately.

Blisters. Cuticura Heals.

"I was troubled with eczema for about ten years. My neck and arms would break out with watery blisters that itched and burned. My clothing aggravated the breaking out until I could not rest at night.

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. After using it I purchased more and I was completely healed, after using two cakes of Cuticura Soap and two boxes of Cuticura Ointment." (Signed) Mrs. M. V. Harris, Scrabbleville, Ind.

Cuticura Soap to cleanse and purify. Cuticura Ointment to soothe and heal and Cuticura Talcum to powder and sweeten are ideal for daily toilet purposes.

Samples Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden 45, Mass." Sold everywhere. Soap, Ointment & Talcum in the 10¢ and 25¢ boxes. Try our new Shaving Stick.
